MAIRAJ ABBAS

Karachi, Pakistan | 0340-5694140 | mairaj30071@gmail.com

EDUCATION

Institute of Business Administration (IBA), Karachi *Expected Graduation: 2028*

Bachelor of Business Administration (BBA), Major in Marketing

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Student Mentor, Rahnuma

- Guided 6,000+ students across multiple districts and tehsils of the Baltistan region through career counselling sessions on future academic and professional pathways.
- Delivered in-person sessions tailored to students' local context, helping them evaluate higher-education and career options.

Founder & Content Creator, TheStudentLens (Instagram)

- Built and manage an education-focused Instagram page, creating content to inform and guide students on academic and career-related topics.

Student Mentor, IBA Career Guidance Talk

- Represented IBA's business school as a mentor, guiding prospective students on career planning and the university application process.

ACADEMIC PROJECTS

Brand Positioning Analysis — Tapal Tea *Marketing Course*

- Analyzed Tapal's market positioning against key competitors and its presence across General Trade (GT), LMT, and GMT retail channels.
- Conducted a primary interview with Tapal's Head of Supply Chain to evaluate distribution strategy and expansion plans; compiled findings into a brand strengths-and-gaps summary.

Training & Performance Appraisal Study — State Bank of Pakistan *Human Resource Management Course*

- Led a team project examining SBP's employee training and performance appraisal systems.
- Conducted a primary interview with the Assistant Director, State Bank of Pakistan, to gather first-hand insight into internal HR practices.

Leadership Styles & Motivation Study — Met Department *Organizational Behavior Course*

- Researched how leadership styles adopted by department heads and coordinators influence employee motivation and performance.
- Conducted an in-depth interview with the Chief Meteorologist to ground findings in real organizational practice.

Women & Financial Decision-Making in Pakistan *Financial Institutions & Markets Course*

- Researched the gap in financial decision-making among Pakistani women, benchmarking findings against India, Bangladesh, and other developing economies.

Data Cleaning with Python *Python Course*

- Cleaned and restructured a raw dataset containing significant null values using multiple data-cleaning techniques to produce an analysis-ready dataset.
